We want to make sure our elected trustees have our interests in mind and know that we are opposed to it. We also hope we will be kept up to date with information regarding the path. Also, road safety in Mt. Air and Worthington Hills area is a concern. Traffic continues to increase and the speed at which people are traveling through this area has become worse. 1	Business and home owners will come where the area is highly zoned and buildings look nice and have highly treed parking lots, tree lined buidlings, flowers and plantings. When it is skimped on, it shows, eg a couple little pines. Strong areas have limited and planned traffic flow.	7/10/2018 5:53 PM
2	JED in Sharon Woods Metro Parks can yield the township dollars. This also can be done in the Olentangy Valley Development if this comes to fruition.	7/9/2018 4:19 PM

3	Make the Hills market area vibrant and useful to all residents. More restaurants! A brewery! LIFE for those of us living in the hills who are under 40. Please!	7/8/2018 5:49 PM
4	Work with Delaware County Parks to extend bike trail to Worthington Hills from Highbanks.	7/8/2018 4:09 PM
5	It is difficult to address this question in a simple survey. However, increasing taxes (while often the easiest) is NOT the best approach - our property taxes already are higher to account for lack of residential income tax however, most residents work in income taxing municipalities (downtown Columbus for example) and city income tax is taken out of paychecks. Retaining/development of commercial enterprises should be carefully considered. Don't take any existing green space, improve upon existing developed properties (all those unused parking lots along High Street north of Graceland; only approve "quality" businesses with social and environmental sustainability (nothing that will make our neighborhoods "trashy" or encourage crime, transient activities). Just because a business wants to locate here doesn't mean it is "right" for us. Be thoughtful about cutting services - these are a main reason residents choose to live here, i.e. our constables providing the quality presence, thoughtfulness, and attention we enjoy. I really like the fact that most things I need/want are within walking/biking distance, and the bus line on High Street. Are there grants available to improve/create the "complete community" concept? The small town within a big city concept?	6/13/2018 11:22 AM
6	We already seem to be sharing a number of services, and just passed a police levy, so those don't seem like good options at this time.	6/11/2018 1:26 PM

10	Have Chase (who uses our roads as access) contribute to repairs.	5/29/2018 10:39 PM
11	While I think it's important attract, revitalize, and retain commercial areas, I do not want to see this done to the detriment of the citizen. I.e. giving large tax breaks to corporations as an incentive to house their operations in Sharon Township.	5/29/2018 8:55 AM
12	See if we can make changes to properties or services without Columbus demanding we annex. This policy has caused changes in our area reducing it substantially.	5/22/2018 4:33 PM

5	Track new resident arrivals and provide timely informational materials via hand-delivery by a township official or employee.	6/29/2018 2:37 PM
6	More community events not involving volunteer work projects. A meet and greet for residents including trustees introductions - a social event. Also, I would like to attend meetings /get involved but the 1st and 3rd Wed Eve is usually not possible. Social media is crucial for our younger residents but must be conducted responsibly - keep in mind our resident composition is going to continue to evolve and soon everyone will have grown up with social media. It is an unfortunate necessity. Also, is there a "membership" account or page for each neighborhood? Here, we could have neighborhood specific activity driven by residents - there would only need to be a site administrator (perhaps the Twp's administrator?). It's one thing to be part of Sharon Twp but the various neighborhoods are different with different concerns and types of residents. A new residents could be provided an opportunity to sign up for an account to access neighborhood specific site to be more engaged with the neighborhood. Twp could then push notifications to each neighborhood site as appropriate.	6/13/2018 11:22 AM
7	People tend not to get involved and go to meetings unless there is something they are upset about, but will likely engage with social media if it offers info that's of value.	6/11/2018 1:26 PM
8	Introduce old residents to the township resources	6/10/2018 5:44 PM
9	The newsletter sent via USPS is an good informational resource too.	6/10/2018 3:03 PM
10	Maybe you should include more info on the choices for this question. For example, I have no idea what STAR Board activities are.	5/23/2018 12:59 PM
11	It also depends on what you want from residents. A policy, issues and priority statement sent out very regularly helps people understand what is happening and a way for residents to indicate what is important to them. It would need to evolve as things get done or if people do not agree with a direction. People can understand the core of what the Township does.	5/22/2018 4:33 PM
12	There are excellent opportunities for engagement. Up to the residents to take advantage of them. Very pleased with all of above.	5/18/2018 8:55 AM

Kanawha across high street every day, and have lost count of the number of times we have nearly been t-boned by oncoming traffic who don't see the stoplight - it has become increasingly dangerous with the growth in traffic, pedestrians, bicyclists, and all of the new commerce/signage in the area, it is likely difficult for drivers to notice the stoplight.	6/11/2018 8:19 PM

17	Speeding has been a real problem lately (specifically Tremont Gardens, Westview Ave)	6/11/2018 2:46 PM
18	I think there is always the fear that at some point we will have to annex to Columbus due to the lack of commercial properties to help share the cost of maintaining our excellent services. Certainly there are always rumors that officials are working behind the scenes to dissolve the township. It's important to keep transparency as much as possible to keep those rumors at bay. Certainly the satellite meetings are a step in the right direction.	6/11/2018 1:26 PM
19	As a tremont gardens resident I know very little about the other parts of the township or any of the people. I feel much more connected to clintonville as a community than other township areas, so it would be nice to have more opportunities to even learn about where/who/what happens in other parts of the township	6/11/2018 12:57 PM

20	I would really like my basement to stop flooding...I have lived here over thirty years. Flooding started within the last eight years. A constant worry. Also crime...we all have been broken into...cars, garages worse than ever. Also identity theft, times two for me. Is it related to our neighborhood? I don't know... What can be done to help us?	6/11/2018 12:39 PM

23	I am dismayed at the lack of communication to residents regarding the opportunity to submit this survey. This is the only chance many residents unable to attend township Board meeting have to provide feedback. In the least, postcards should be mailed to residents with information about the opportunity to submit a survey & details about how to locate/submit it online.	6/10/2018 3:03 PM
24	Eliminate code enforcement division	6/9/2018 3:11 PM
25	Keep Sharon Twp. Sharon twp no annexation. In Cols, your just a number. Too big..Here I feel I have more of a say of what goes on in the neighborhood..	6/9/2018 1:30 PM
26	Increased drug awareness. Plant more trees. Racial bias training for police force.	6/8/2018 4:52 PM
27	None! Great job!	6/7/2018 9:24 PM
28	Aside from driving, the Mt Air area is cut off from neighboring areas and resources due to a lack of sidewalks. I'd like to see access to neighboring resources by incorporating sidewalks along high-traffic areas.	5/30/2018 11:58 AM
29	A way to be able to safely walk on Flint would be much appreciated. Biking & walking paths are an important part of the community's health & wellness, that I see other neighborhoods have.	5/29/2018 10:39 PM
30	Living on Pocono Rd has advantage of open space, average, yet access to Columbus. Concerned about commercial development at intersection of Flynt and Pocono. Would ruin the beauty and uniqueness of this setting	5/29/2018 4:40 PM

32	Is there something happening with annexation?	5/24/2018 9:50 AM
33	Only concern is the ideas to our source our police department. This is what makes our community so desirable and offers an outstanding level of service to our citizens. This small department is invested in serving and protecting.	5/23/2018 7:34 PM
34	Flint road was built as a quiet side street. It has become a massive feeder road to the freeway and back even though it is not built for it. Traveling for us is a nightmare at times. Trucks still try to make right hand turns at the freeway, tearing up the side of the road. How can we get people to use Lazelle Rd that was upgraded for that purpose. I wish the earlier option to close off Flint at the Freeway was initiated. Traffic would then have flowed directly to Lazelle. Even the concept of one way on Flint...either to OR from and not both...would have helped....So back to the discussion on the traffic jam at Flint and Lazelle	5/22/2018 4:33 PM

36	I'm really liking the recycling pick up service! Thank you so much!	5/18/2018 10:39 AM
37	Perhaps do one or two mobile (truck) toxic waste collection days in the year. Pain in neck to get to SWACO with paint cans, etc. So most people just keep them in garage/basement or dispose illegally.	5/18/2018 8:55 AM
38	My big concern is R315....reduce the speed, reduce the useage by large trucks that are allowed to use it instead of using US 23, more patrol cars for fast drivers to see	5/15/2018 2:46 PM
39	Why our police budget is the the highest per capita cost in the county.	5/15/2018 2:30 PM
40	1) Look at population mix, increase amount of people and women of color, Latinos, etc. that are living here. 2) Increase housing for low income people 3) Housing for seniors 4) Jobs with living wages 5) Increased bus service	5/14/2018 9:04 PM
41	Finish bike path to Anthem park	5/13/2018 3:53 PM
42	Safety of having a park entrance with no traffic light for easy access	5/12/2018 6:14 PM
43	On Westview Ave. change the no parking time on the north side of the street signs to midnight or 1:00 a.m. to 7:00 a.m. Most guests do not leave your house until at least 11:00 p.m. and eliminate getting permits. Thx.	5/11/2018 12:24 PM

44	They need to address and repair damaged draining culverts to assure proper drainage of the area.	5/11/2018 9:40 AM
