We offer good coffee and great conversation (and it's FREE)!!!

Community policing has long been considered a framework for establishing trust between the community and police. **Coffee with a Cop** invites residents and police to take time from their day to enjoy a meaningful interaction, building trust and respect for one another. The key to Coffee with a Cop's success is that it opens the door for interactions outside of the crisis situations.

Coffee with a Cop is a unique opportunity for our residents to ask questions of our officers and learn more about the department's work serving the Township. There is no agenda, just a casual opportunity to ask questions of our officers and share ideas over morning coffee.

Coffee with a Cop offers several advantages:

- **BUILDS TRUST** - Residents and police officers get to know each other and discover mutual goals for the community they live in and serve.
- **FOR POLICE OFFICERS** – Coffee with a Cop gives officers the opportunity, outside of crisis situations, to relax and chat with residents in the community they serve.
- **FOR COMMUNITY MEMBERS** – Coffee with a Cop provides access and opportunity for distraction-free conversations with their local police officers.
